**Shakespeare in Modern English** Translated by Hugh Macdonald 2016-12-05 Shakespeare in Modern English breaks the taboo about Shakespeare's texts, which have long been regarded as sacred and untouchable while being widely and freely translated into foreign languages. It is designed to make Shakespeare more easily understood in the theatre without dumbing down or simplifying the content. Shakespeare's 'As You Like It', 'Coriolanus' and 'The Tempest' are presented in Macdonald's book in modern English. They show that these great plays lose nothing by being acted or read in the language we all use today. Shakespeare's language is poetic, elaborately rich and memorable, but much of it is very difficult to comprehend in the theatre when we have no

notes to explain allusions, obsolete vocabulary and whimsical humour. Foreign translations of Shakespeare are normally into their modern language. So why not ours too? The purpose in rendering Shakespeare into modern English is to enhance the enjoyment and understanding of audiences in the theatre. The translations are not designed for children or dummies, but for those who want to understand Shakespeare better, especially in the theatre. Shakespeare in Modern English will appeal to those who want to understand the rich and poetical language of Shakespeare in a more comprehensible way. It is also a useful tool for older students studying Shakespeare.

**Peasants, Populism and Postmodernism** Dr Tom Brass 2013-02-01 Tracing the way in which the agrarian myth has emerged and re-emerged over the past century in ideology shared by populism, postmodernism and the political right, the argument in this book is that at the centre of this discourse about the cultural identity of 'otherness/' 'difference' lies the concept of and innate 'peasant-ness'. In a variety of contextually-specific discursive forms, the 'old' populism of the 1890s and the nationalism and fascism in Europe, America and Asia during the 1920s and 1930s were all informed by the agrarian myth. The postmodern 'new' populism and the 'new' right, both of which emerged after the 1960s and consolidated during the 1990s, are also structured discursively by the agrarian myth, and with it the ideological reaffirmation of peasant essentialism.

**Prayer and the Scoutmaster** Phillip Eldridge Williams 2012-03-19 The glaring question here is what does Prayer have to do with whatever Scoutmaster is.

This book is the effort to show that they, indeed, are one and the same. From the Oath, "On my honor I will do my best to do my duty to God and my country" to the last point of the Scout Law being Reverent, Williams examines the in's and out's of the intricacies of prayer: How to listen, how to help others listen and the temptations that have plagued mankind from the beginning to look elsewhere for his answers when, indeed, they are as "close as breathing and nearer than hands or feet." One may have little knowledge of the Boy Scouts of America, but what you see in this definition of prayer will either confirm your faith or challenge you to grow in the exercise of the same.

**Nelson Thornes Shakespeare - Macbeth** William Shakespeare 2003 Provide just the right balance for the study of language, imagery and theatricality, and of character and context, enabling students to gain a clear understanding of the text. Contains introductory essays focussing on topics related to social, cultural and historical context. Introductions to each scene pointing out a central feature and ensuring that students understand the plot. Extensive notes and well-placed illustrations provide clear explanations of words and phrases, and a general overview of the meaning for easy reference. Accompanying support packs provide clearly structured and easily manageable resource materials for Assessment Objective-driven coursework assignments.

*The Oxford Companion to Shakespeare* Michael Dobson 2015-10-29 The Oxford Companion to Shakespeare is the most comprehensive reference work available on Shakespeare's life, times, works, and his 400-year global legacy. In addition to the authoritative A-Z entries, it includes nearly 100 illustrations, a chronology, a guide to further reading, a thematic contents list, and special feature entries on each of Shakespeare's works. Tying in with the 400th anniversary of Shakespeare's death, this much-loved Companion has been revised and updated, reflecting developments and discoveries made in recent years and to cover the performance, interpretation, and the influence of Shakespeare's works up to the present day. First published in 2001, the online edition was revised in 2011, with updates to over 200 entries plus 16 new entries. These online updates appear in print for the first time in this second edition, along with a further 35,000 new and revised words. These include more than 80 new entries, ranging from important performers, directors, and scholars (such as Lucy Bailey, Samuel West, and Alfredo Michel Modenessi), to topics as diverse as Shakespeare in the digital age and the ubiquity of plants in Shakespeare's works, to the interpretation of Shakespeare globally, from Finland to Iraq. To make information on Shakespeare's major works easier to find, the feature entries have been grouped and placed in a centre section (fully cross-referenced from the A-Z). The thematic listing of entries - described in the press as 'an invaluable panorama of the contents' - has been updated to include all of the new entries. This edition contains a preface written by much-lauded Shakespearian actor Simon Russell Beale. Full of both entertaining trivia and scholarly detail, this authoritative Companion will delight the browser and reward students, academics, as well as anyone wanting to know more about Shakespeare.
