The Official Index to the Financial Times 2003

Romancing the Net Richard Booth 1996 Yes, love and computers do mix! The phenomenal growth of the Internet offers potential partners an exciting new means of finding each other. Nowhere else does such an eclectic group of people gather to talk, share ideas, and make new friends--day or night. "Romancing the Net goes straight to the heart of what makes online romances click and shows you everything you need to know to find your soul mate in cyberspace, including: - An online primer--how e-mail, bulletin board systems, and commercial services work - Online conventions and "netiquette" - How to protect yourself from unwanted--and unwarranted--attention - Case studies of real people who have found love online - Incisive psychological insights into a process that causes couples who have never met to fall in love - How to tell a cyber-sweetie from a cyber-path - How to approach the first face-to-face meeting Co-authored by a Net junkie and a relationship therapist, "Romancing the Net introduces you to a world of adventure, excitement, and yes, even love. With this book at your side, you can fire up your laptop and log on to the cyber-highway of love! About the Authors "Richard Booth, an English professor at Crafton Hills College, is an online addict and expert. "Dr. Marshall Jung teaches in the Department of Social Work at California State University, San Bernardino. A licensed therapist,

he specializes in couple counseling and marital relations. Visit them online at romancesite.com!

This title has come to be known as "Big Blue" in industrycircles and has a reputation for being the reference for computersecurity issues.

Informatica giuridica Giovanni Ziccardi 2011

The Bush administration, sex and the moral agenda Edward Ashbee 2013-07-19 The Bush Administration, sex and the moral agenda considers White House policy towards issues such as abortion, sex education, obscenity and same-sex marriage. The book suggests that although accounts have often emphasised the ties between George W. Bush and the Christian right, the administration's strategy was, at least until early

2005, also directed towards the courting of middle ground opinion. This study offers a detailed and comprehensive survey of policy-making; assesses the political significance of moral concerns; evaluates the role of the Christian right, and throws new light on George W. Bush's years in office and the character of his thinking. The book will prove invaluable for those taking social science courses as well as as well as anyone with a general interest in the Bush presidency.

Los Angeles Times 1977

Venice: Oxford Bibliographies Online Research Guide Margaret King 2010-06-01 This ebook is a selective guide designed to help scholars and students of Islamic studies find reliable sources of information by directing them to the best available scholarly materials in whatever form or format they appear from books, chapters, and journal articles to online archives, electronic data sets, and blogs. Written by a leading international authority on the subject, the ebook provides bibliographic information supported by direct recommendations about which sources to consult and editorial commentary to make it clear how the cited sources are interrelated related. This ebook is a static version of an article from Oxford Bibliographies Online: Renaissance and Reformation, a dynamic, continuously updated, online resource designed to provide authoritative guidance through scholarship and other materials relevant to the study of European history and culture between the 14th and 17th centuries. Oxford Bibliographies Online covers most subject disciplines within the social science and humanities, for more information visit www.oxfordbibliographies.com.

From new releases to classics, foreign films to children's viewing, this reference contains over 20,000 entries of films available on video.

Refugees in Extended Exile Jennifer Hyndman 2016-10-04 This book argues that the international refugee regime and its 'temporary' humanitarian interventions have failed. Most refugees across the global live in 'protracted' conditions that extend from years to decades, without legal status that allows them to work and establish a home. It is contended that they become largely invisible to people based in the global North, and cease to remain fully human subjects with access to their political lives. Shifting the conversation away from the salient discourse of 'solutions' and technical fixes within state-centric international relations, the authors recover the subjectivity lost for those stuck in extended exile. The book first argues that humanitarian assistance to refugees remains vital to people's survival, even after the emergency phase is over. It then connects asylum politics in the global North with the intransigence of extended exile in the global South. By placing the urgent crises of protracted exile within a broader constellation of power relations, both historical and geographical, the authors present research and empirical findings gleaned from refugees in Iran, Kenya and Canada and from humanitarian and government workers. Each chapter reveals patterns of power circulating through the 'colonial present', Cold War legacies, and the global 'war on terror'. Seeking to render legible the more quotidian struggles and livelihoods of people who find themselves defined as refugees, this book will be of great interest to international humanitarian agencies, as well as migration and refugee researchers, including scholars in refugee studies and human displacement, human

security, globalization, immigration, and human rights.

No logo Naomi Klein 2014-10-01 De bestseller No Logo is uitgegroeid tot de bijbel van antiglobalisten en auteur Naomi Klein wordt gezien als het intellectuele boegbeeld van de beweging die zich verzet tegen de dominantie van het neoliberalisme. Terwijl we worden geconfronteerd met een volgende economische crisis, blijft haar analyse van onze kapitalistische bedrijfs- en merkenwereld accuraat en krachtig. No Logo is een met talloze feiten onderbouwde kritiek op neoliberalisme, globalisering, massacultuur en uitbuiting. Maar het is óók een hartstochtelijk verhaal over mensen die zich inzetten voor democratie aan de basis, voor kleinschaligheid, cultuur en milieu, kortom, voor een samenleving waarin de mens centraal staat.

Encyclopedia of New Media Steve Jones 2002-12-10 Edited by Steve Jones, one of the leading scholars and founders of this emerging field, and with contributions from an international group of scholars as well as science and technology writers and editors, the Encyclopedia of New Media widens the boundaries of today's information society through interdisciplinary, historical, and international coverage. With such topics as broadband, content filtering, cyberculture, cyberethics, digital divide, freenet, MP3, privacy, telemedicine, viruses, and wireless networks, the Encyclopedia will be an indispensable resource for anyone interested or working in this field. Unlike many encyclopedias that provide short, fragmented entries, the Encyclopedia of New Media examines each subject in depth in a single, coherent article. Many articles span several pages and are presented in a large, double-column format for easy reading. Each article also includes the following: A bibliography

Suggestions for further reading Links to related topics in the Encyclopedia Selected works, where applicable Entries include: Pioneers, such as Marc Andreessen, Marshall McLuhan, and Steve Jobs Terms, from "Access" to "Netiquette" to "Web-cam" Technologies, including Bluetooth, MP3, and Linux Businesses, such as Amazon.com Key labs, research centers, and foundations Associations Laws, and much more The Encyclopedia of New Media includes a comprehensive index as well as a reader's guide that facilitates browsing and easy access to information.
