Rage in the Belly Luzia Sutter Rehmann 2021-02-03 How is rage related to hunger? Hunger is a liminal experience, connected to powerlessness, shame, and violence. Hunger does not issue into speech. It cannot therefore be easily found in the biblical texts, written by (and about) people who knew hunger. It hides behind the words in these texts. Rage, conversely, finds expression; and in the texts, it can alert readers to hidden experiences of hunger. But rage is not just a response to the lack of food. It is also a transformative force, reaching towards a justice that is not yet real. The experience of hunger and the fear of famine often go hand in hand with anger—a rage that can bring whole populations to their feet. Luzia Sutter Rehmann develops a biblical hermeneutic that centers on the "fire" in the belly of the hungry, their rage that leads to protests and uprisings. Her reading shows "the poor" or "the many" as those with whom Jesus cooperates and as subjects acting on their own initiative. The book also highlights key socio-historical information on the food situation of ancient Rome and Palestine: on poverty, political dependence and unrest, droughts, and famines.

Restoration of Amundsen's lantern slides Pietro Librici 2017-06-03 The book presents for the first time the restoration of Amundsen's glass slides, one of the most beautiful collections of slides in the world. The 248 slides are the photographic testimony of three great explorations: the Northwest Passage (1903-1906), the conquest of the South Pole (1910-1912) and the Maud expedition (1918-1925). Discovered by chance in 1986, the slides were restored in 2009 by Pietro Librici at the National Library of Norway, in a continuous cooperation with the institute team. The restoration is presented analytically in its methodological, technical, scientific and operational aspects, constituting an updated model of intervention. Critical historical studies that accompanied the restoration and the expressive features of the slides have also led the author to identify Amundsen's own style which lies between documentary photography and photographic documentation and make the book a particular opportunity to immerse in the charm of polar expeditions, in the first years of the 20th century when the poles were the only areas of terra incognita left on the world map. The da Vinci Legacy Jean-Pierre Isbouts 2019-04-30 For the 500th anniversary of Leonardo da Vinci's death

comes an immersive journey through five centuries of history to define the Leonardo mystique and uncover how the elusive Renaissance artist became a global pop icon. Virtually everyone would agree that Leonardo da Vinci was the most important artist of the High Renaissance. It was Leonardo who singlehandedly created the defining features of Western art: a realism based on subtle shading; depth using atmospheric effects; and dramatic contrasts between light and dark. But how did Leonardo, a painter of very few works who died in obscurity in France, become the internationally renowned icon he is today, with the *Mona Lisa* and the *Last Supper* the most visited artworks in the world, attracting nearly a billion visitors each year, and *Salvator Mundi* selling as the most expensive artwork of all time, for nearly half a billion dollars? This extraordinary volume, lavishly illustrated with 130 color images, is the first book to unravel these mysteries by diving deep into the art, literature, science, and politics of Europe from the Renaissance through today. It gives illuminating context to both Leonardo and his accomplishments; explores why Leonardo's fame vastly overshadowed that of his contemporaries and disciples; and ultimately reveals why despite finishing very few works, his celebrity has survived, even thrived, through five centuries of history.

ICGG 2018 - Proceedings of the 18th International Conference on Geometry and Graphics Luigi Cocchiarella 2018-07-06 This book gathers peer-reviewed papers presented at the 18th International Conference on Geometry and Graphics (ICGG), held in Milan, Italy, on August 3-7, 2018. The spectrum of papers ranges from theoretical research to applications, including education, in several fields of science, technology and the arts. The ICGG 2018 mainly focused on the following topics and subtopics: Theoretical Graphics and Geometry (Geometry of Curves and Surfaces, Kinematic and Descriptive Geometry, Computer Aided Geometric Design), Applied Geometry and Graphics (Modeling of Objects, Phenomena and Processes, Applications of Geometry in Engineering, Art and Architecture, Computer Animation and Games, Graphic Simulation in Urban and Territorial Studies), Engineering Computer Graphics (Computer Aided Design and Drafting, Computational Geometry, Geometric and Solid Modeling, Image Synthesis, Pattern Recognition, Digital Image Processing) and Graphics Education (Education Technology Research, Multimedia Educational Software Development, E-learning, Virtual Reality, Educational Systems, Educational Software Development Tools, MOOCs). Given its breadth of coverage, the book introduces engineers, architects and designers interested in computer applications, graphics and geometry to the latest advances in the field, with a particular focus on science, the arts and mathematics education.

Voorbij de grenzen Rudi Meulemans 2017-02-11 De Amerikaanse schrijver Glenway Wescott (1901-1987) was bevriend met E.M. Forster, Truman Capote, Jean Cocteau, Isadora Duncan, Henri Matisse en William Somerset Maugham. Naast zijn levensgezel Monroe Wheeler (directeur van het Museum of Modern Art) had hij verschillende geliefden, onder wie de fotograaf George Platt Lynes en dokter Alfred Kinsey, met wie hij de grenzen van de seksualiteit verkende. In zijn jeugd publiceerde Wescott drie bestsellers en daarna niets meer. Nochtans bleef hij zijn hele leven schrijven. Zijn dagboeken, brieven en losse notities worden bewaard in de Beinecke Library van Yale University. Daar gaat Rudi Meulemans naar hem op zoek. Voorbij de grenzen is het verslag van een fascinerende literaire pelgrimage, maar ook een intiem portret van het literaire en artistieke leven in het Amerika van voor en na de Tweede Wereldoorlog. Gaandeweg gaat Meulemans steeds meer affiniteit voelen met de overleden schrijver. Is een vriendschap over de dood heen mogelijk? **Dante's Key** G.L. Baron 2016-07-01 A lost chest. A clue hidden in the manuscripts of the *Divine Comedy*. The search for the key begins... Perfect for fans of Scott Mariani and Lee Child. The year is 1217. A group of eighty Knights Templar cross the icy waters of the Baltic, escorting a chest to an isolated spot in Iceland. Eight hundred years later, someone is about to decipher the clues to its location hidden in the lines of Dante's *Divine Comedy* and the paintings of Botticelli, Leonardo and Raphael. What is so important about the contents of the chest? Many people want to find out, and will stop at nothing to do so. Inspector Sforza of Interpol travels to Paris to investigate the first of several strange deaths. He questions Manuel Cassini, a professor of literature who suffers from a rare form of selective amnesia. Many lives are at stake and, despite his condition, Professor Cassini could be the only one able to unravel this dark mystery before it's too late... What readers are saying about DANTE'S KEY: 'An unusual and exciting thriller ... I recommend it to everyone' 'Great plot as always ... His journey between history and adventure is outstanding' 'This was the second book I read by G.L. Baron and I loved it. Very interesting and well-told, while the twists keep the reader glued to the pages'

"Il Cenacolo" l'ultima cena di Leonardo interpretata su vetro dipinto a fuoco da Rosa e Cecilia Caselli (1937-1942).

Literature and Artistic Practice in Sixteenth-Century Italy Angela Cerasuolo 2017-01-10 A study on the technique of painting through cross-analysis of literary texts by Leonardo, Vasari, Armenini, Borghini, Lomazzo and works of art, examining some significant paintings in the Capodimonte Museum, Naples.

Leonardo da Vinci - L'ultima cena - The last supper 2010

Leonardo Da Vinci. Ediz. Illustrata Edoardo Villata 2005 The significance of Leonardo da Vinci's contributions to the medium of painting are highlighted in this collection celebrating his works, including The Last Supper and The Virgin on the Rocks. This introduction avoids myths about da Vinci and presents a chronology of his life, a critical essay on his work, and selections of his drawings that support the claim that, above all other media, painting was da Vinci's primary medium. The flurry of his artistic activity and the importance of his work are showcased in this updated introduction to his life and art.

The Oxford Dictionary of the Christian Church Andrew Louth 2022-02-17 Uniquely authoritative and wide-ranging in its scope, The Oxford Dictionary of the Christian Church is the indispensable reference work on all aspects of the Christian Church. It contains over 6,500 cross-referenced A-Z entries, and offers unrivalled coverage of all aspects of this vast and often complex subject, from theology; churches and denominations; patristic scholarship; and the bible; to the church calendar and its organization; popes; archbishops; other church leaders; saints; and mystics. In this new edition, great efforts have been made to increase and strengthen coverage of non-Anglican denominations (for example non-Western European Christianity), as well as broadening the focus on Christianity and the history of churches in areas beyond Western Europe. In particular, there have been extensive additions with regards to the Christian Church in Asia, Africa, Latin America, North America, and Australasia. Significant updates have also been included on topics such as liturgy, Canon Law, recent international developments, non-Anglican missionary activity, and the increasingly important area of moral and pastoral theology, among many others. Since its first appearance in 1957, the ODC has established itself as an essential resource for ordinands, clergy, and members of religious orders, and an invaluable tool for academics, teachers, and students of church history and theology, as well as for the general reader.

L'ultima cena di Leonardo-Leonardo's Last Supper. Ediz. bilingue Peter Greenaway 2008 The book published by Charta on Peter Greenaway's Last Supper shows the most famous painting in the world as probably only Leonardo and his helpers saw it with the help of torches, the only means of lighting at the time. The photography from which the printing devices were created for this publication is in a resolution that has never been obtained before, and it is the largest reproduction of the fresco to date. All this makes our book unique, and each and every page reveals details that only restorers have had the possibility of discovering, strokes of genius and nuances that no one except them and Leonardo have seen. This is the only book of its kind that allows readers to get so close to the fresco they can almost . . . touch it. All thanks to the genius of Peter Greenaway.

The Fabrication of Leonardo da Vinci's Trattato della pittura Claire Farago 2018-02-13 This first complete English translation, including over 250 full-color images, is a longitudinal cultural history of how art came to be institutionalized in the history of western representational practices.

Why Are Our Pictures Puzzles? James Elkins 2004-11-23 With bracing clarity, James Elkins explores why images are taken to be more intricate and hard to describe in the twentieth century than they had been in any previous century. *Why Are Our Pictures Puzzles?* uses three models to understand the kinds of complex meaning that pictures are thought to possess: the affinity between the meanings of paintings and jigsaw-puzzles; the contemporary interest in ambiguity and 'levels of meaning'; and the penchant many have to interpret pictures by finding images hidden within them. Elkins explores a wide variety of examples, from the figures hidden in Renaissance paintings to Salvador Dali's paranoiac meditations on Millet's Angelus, from Persian miniature paintings to jigsaw-puzzles. He also examines some of the most vexed works in history, including Watteau's "meaningless" paintings, Michelangelo's Sistine Ceiling, and Leonardo's Last Supper.

Leonardo da Vinci l'Ultima cena Leonardo da Vinci 1992

L'Ultima Cena di Leonardo Da Vinci Dalila Tossani 2015-06-27 Contiene la guida in audio completa del quadro, in streaming e download. L'Ultima Cena o Il Cenacolo è una delle opere più grandiose, per dimensioni e complessità, dell'artista-scienziato che da sempre incuriosisce e appassiona per il suo genio e per il fascino della sua personalità: Leonardo da Vinci. Nell'ex-refettorio del convento di Santa Maria delle Grazie a Milano, si trova il dipinto parietale raffigurante l'ultima cena di Cristo, composto tra il 1494 e il 1498 su incarico di Ludovico il Moro. L'Ultima Cena dipinta da Leonardo da Vinci, in un prolungamento prospettico dell'ambiente reale, costituisce un'iconografia fra le più celebri e le più profondamente penetrate nell'immaginario collettivo occidentale: la scena è quella del momento in cui Gesù dichiara agli Apostoli di sapere che uno di loro lo tradirà. A causa della tecnica pittorica utilizzata da Leonardo, incompatibile con l'umidità dell'ambiente, l'opera versa da secoli in un cattivo stato di conservazione. Nonostante ciò Il Cenacolo fa parte della lista UNESCO dei beni dell'umanità da preservare ed è anche per questo motivo che si è tentato, per quanto possibile, di salvaguardarla nel corso di uno dei più lunghi e capillari restauri della storia, durato dal 1978 al 1999 con le tecniche più all'avanguardia del settore. Gli audioquadri Area51 Publishing sono un nuovo modo di conoscere, amare e godere l'arte. Ogni quadro è raccontato nel dettaglio per farti conoscere la storia, scoprire lo stile e vivere in prima persona l'emozione del dipinto. L'ebook dell'audioquadro è illustrato: al suo interno troverai infatti le immagini dei dettagli del dipinto che ti aiuteranno a notare ed apprezzare ogni elemento dell'opera.

Leonardo Da Vinci Master Draftsman Leonardo da Vinci 2003 This handsome book offers a unified and fascinating portrait of Leonardo as draftsman, integrating his roles as artist, scientist, inventor, theorist, and teacher. 250 illustrations.

Historical Dictionary of Renaissance Art Lilian H. Zirpolo 2016-08-19 This second edition of Historical Dictionary of Renaissance Art contains a chronology, an introduction, and a bibliography. The dictionary section has over 700 cross-referenced entries on artists from Italy, Flanders, the Netherlands, Germany, Spain, and Portugal, historical figures and events that impacted the production of Renaissance art.

Sixteenth-century Italian Drawings in New York Collections William Griswold 1994-01 Focusing exclusively on examples from the 16th century, the great age of Italian drawing, this stunning volume, published to accompany an early-1994 exhibition at The Metropolitan Museum of Art, includes 124 prized works from The Metropolitan, the Pierpont Morgan Library, the Cooper-Hewitt Museum, and some 20 private collections in New York. The catalogue is organized by school and, within each section, chronologically by artist. Each drawing is illustrated and presented with a discussion that places it in the context of the artist's career and explores the purpose for which it was made. Paper edition (unseen), \$35. Annotation copyright by Book News, Inc., Portland, OR
