De man die zijn vrouw voor een hoed hield Oliver Sacks

2015-08-28 In De man die zijn vrouw voor een hoed hield vertelt Oliver Sacks de verhalen van mensen die lijden aan perceptuele en intellectuele afwijkingen: patiënten die hun herinneringen kwijt zijn, niet langer in staat zijn om geliefden of alledaagse voorwerpen te herkennen, of patiënten die te maken hebben met tics en die zonder dat te willen obsceniteiten schreeuwen. Hoewel deze gevallen ons vaak bizar voorkomen, worden ze door Sacks' respectvolle en sympathieke wijze van vertellen diep menselijk. Aan de hand van fascinerende en vaak ontroerende ziektegeschiedenissen laat Sacks zien hoe het is om te moeten leven met een

neurologische afwijking.

Als adem lucht wordt Paul Kalanithi 2016-10-03 Op zesendertigjarige leeftijd wordt de briljante en ambitieuze neurochirurg Paul Kalanithi gediagnosticeerd met stadium IV longkanker. Van de ene op de andere dag verandert hij van een arts die levens redt in een patiënt die moet vechten voor zijn eigen leven. De laatste 22 maanden van zijn leven besluit hij zijn grote ambitie waar te maken: een meesterlijk boek schrijven over zijn bijzondere levensloop. Wat maakt het leven nog de moeite waard als je de dood in de ogen kijkt? Wat doe je als al je dromen over een toekomst

plaats moeten maken voor een miserabel noodlot? Wat betekent het om een kind te krijgen en nieuw leven op aarde te zetten terwijl je eigen leven langzaam wegebt? Paul Kalanithi stierf in maart 2015, terwijl hij de laatste hand legde aan zijn memoires. Zijn wijze observaties en rijke inzichten in het leven zijn hartverscheurend. Als adem vervliegt is een onvergetelijk boek over een naderend einde en de relatie tussen arts en patiënt van een begenadigd schrijver, die helaas beide rollen moest vervullen.

Haal de vroedvrouw! Jennifer Worth 2013-04-02 Het is 1950 als de 22-jarige Jennifer Worth

als vroedvrouw komt werken bij de nonnen van Nonnatus House, een kloosterorde die al sinds 1870 actief is in de Londense docklands. Het is een plek waar behalve de politie en de bewoners niemand durft te komen: bordelen, straatbendes en alcoholisten tussen de gebombardeerde huizen. Kinderen worden geboren onder erbarmelijke omstandigheden in huizen zonder elektriciteit en veelal zonder stromend water. Geen gemakkelijke omgeving om in te werken, maar naast deze hardheid en onvermijdelijke drama s ervaart Jennifer Worth onverwachte vriendelijkheid en begrip, altijd vergezeld van een grote dosis Cockney-humor. Jennifer Worth vertelt niet alleen met liefde over de vrouwen voor wie ze dag en nacht klaarstaat, maar ook over de nonnengemeenschap waarin ze woont: wijs en vroom, maar ook werelds en grappig, soms gekmakend en vaak excentriek. Haal de vroedvrouw! geeft een indringend, levendig en ontroerend beeld van een

kleurrijke achterbuurt uit vervlogen tijden, en is een ode aan mensen die gevormd zijn door de harde omgeving waarin ze leefden

Medical-surgical Nurse Exam Practice Questions

Med-Surg Exam Secrets Test Prep 2014-03-31 Medical-Surgical Nurse Exam Practice Questions are the simplest way to prepare for the Medical-Surgical Nurse Examination. Practice is an essential part of preparing for a test and improving a test taker's chance of success. The best way to practice taking a test is by going through lots of practice test questions. If someone has never taken a practice test, then they are unprepared for the types of questions and answer choices that they will encounter on the official test. There is a tremendous advantage to someone taking the test that is already familiar with the questions and answer choices. Another advantage of taking practice tests is that you can assess your performance and see if you need to study and practice more, or if you're

already prepared enough to achieve success on your test day. If you do well on the practice test, then you know you're prepared. If you struggle on the practice test, then you know you may still have more work to do to get prepared. Taking lots of practice tests helps ensure that you are not surprised or disappointed on your test day. Our Medical-Surgical Nurse Exam Practice Questions give you the opportunity to test your knowledge on a set of questions. You can know everything that is going to be covered on the test and it will not do you any good on test day if you have not had a chance to practice. Repetition is a key to success and using practice test questions allows you to reinforce your strengths and improve your weaknesses. Detailed answer explanations are also included for each question. It may sound obvious, but you have to know which questions you missed (and more importantly why you missed them) to be able to avoid making the same

mistakes again when y

buikkrampen in elkaar op de dansvloer. Een vrouw van middelbare leeftijd komt opnieuw bij de dokter, na twee dagen eerder langs te zijn geweest met lichte uitslag op haar handen. De uitslag is inmiddels paars geworden en als zweepslagen over haar hele lichaam verspreid. Een jonge olifantentrainer uit een rondreizend circus die ooit een kopstoot kreeg van een zebra, wordt uit het niets geteisterd door splijtende hoofdpijn, alsof iemand 'een deur dichtslaat in z'n hoofd'. In elk van deze zaken is de weg naar de diagnose - en de behandeling - er een vol bizarre en soms onverklaarbare wendingen. In dit boek toont Sanders aan dat het stellen van de juiste diagnose expertise, zorgvuldige procedures en soms een tikkeltje geluk vereist. Dit doet even pijn Adam Kay

2018-05-16 Zeg je vrienden en familie maar vaarwel. Bereid je voor op een werkweek van 97 uur, beslissingen over leven en dood, een constante vloed aan lichaamssappen en een budget dat eerder gepast lijkt voor een turfsteker. Welkom in het leven van een arts in opleiding.

Tijdens de helse dagen en slapeloze nachten hield cabaretier en voormalig arts in opleiding Adam Kay jarenlang in het geheim een dagboek bij. Zijn verslagen van de frontlinies van het ziekenhuis zijn samengebracht in dit afwisselend hilarische, afschuwelijke en ontroerende boek. Dit doet even pijn vertelt je alles wat je wilt weten over het werk op een ziekenboeg - plus een aantal dingen die je liever niet had willen weten. Mogelijke bijwerkingen: spontane lachstuipen en opwellende tranen. Adam Kay

(1980) werkte jarenlang als arts in opleiding, maar is tegenwoordig een succesvol cabaretier en scriptschrijver.

Zijn debuut *Dit doet even pijn* werd direct een bestseller in Groot-Brittannië en is inmiddels in vijftien landen vertaald.
