Community-Built Katherine Melcher 2016-11-25 Throughout history and around the world, community members have come together to build places, be it settlers constructing log cabins in nineteenth-century Canada, an artist group creating a waterfront gathering place along the Danube in Budapest, or residents helping revive small-town main streets in the United States. What all these projects have in common is that they involve local volunteers in the construction of public and community places; they are community-built. Although much attention has been given to specific community-built movements such as public murals and community gardens, little has been given to defining community-built as a whole. This volume provides a preliminary description of community-built practices with examples from the disciplines of urban design, historic preservation, and community art. Taken as a whole, these community-built projects illustrate how the process of local involvement in adapting, building, and preserving a built environment can strengthen communities and create places that are intimately tied to local needs, culture, and community. The lessons learned from this volume can provide community planners, grassroots facilitators, and participants with an understanding of what can lead to successful community-built art, construction, preservation, and placemaking.

Lakota Portraits Joseph Agonito 2011-08-02 A moving, thoughtful, beautifully illustrated look at the lives of men and women who helped shape the history of the Lakota people and the American West Lakota Portraits weaves together vignettes of Lakotas, including both prominent and ordinary individuals, to tell the story of the Lakota people. It covers the sweep of Lakota history from earliest years, focusing on the nineteenth and twentieth centuries. Examining the question of who the Lakota people are, Joseph Agonito explores the days of nomadic freedom on the Great Plains, Lakota culture and religion, internal struggles, the coming of European settlers, conflicts generated by waves of miners and immigrants, clashes with white authorities, war with American soldiers, the loss of freedom, the countless challenges encountered in transitioning to the reservation, and life on and off the reservations. While numerous books

tell the history of the Lakota people, Lakota Portraits tells their story through the colorful lives and experiences of various notable individuals who span that history. Each vignette tells a piece of the narrative—both grand and commonplace stories of men and women. Together, these stories paint a picture of a courageous, vibrant people, full of life and love for the Lakota nation and their homeland. Unlike other books on the Lakota, Lakota Portraits spends considerable time on the reservation years, well into the twentieth century, and the characters who helped shape the difficult and painful adjustments the Lakota people made to life on and off the agencies.

Historical Common Names of Great Plains Plants Volume I: Historical Names (paperback) Elaine Nowick 2014-10-01 "Containing thousands of entries of both vernacular and scientific names of Great Plains plants, the literature that informs this exhaustive listing spans nearly 300 years. Author Elaine Nowick has drawn from sources as diverse as Linnaeus, Lewis and Clark, and local university extension publications to compile the gamut of practical, and often fanciful, common plant names used over the years. Each common name is accompanied by a definitive scientific name with references and authority information. Interspersed with scientifically-correct botanical line drawings, the entries are written in standard ICBN format, making this a useful volume for scholars as well as lay enthusiasts

alike. Volume 1 presents, in alphabetical order, all the historical common names of plants recorded in Great Plains flora, herbaria, and botanical collections, together with the scientific names of species to which those common names have been applied. Volume 2 indexes the scientific names of those species, followed by listings of all the common names applied to them. Both volumes refer the common and scientific names back to a list of 190 pertinent authoritative sources." -- publisher description.

The Holocaust killed many of her family, together with half a million Hungarian Jews, but a series of miracles and coincidences allowed her to survive. She worked as a child labourer in the agricultural and armament camps of Austria and was liberated by a rampaging Soviet army. She struggled through post-war hardship to re-enter Hungarian society, only to be caught up for a decade in the vice of Stalinism. In 1956 a bloody revolution offered the opportunity to escape to Britain, a country of freedom and tolerance, where she started a family and built a career as a ground-breaking electrical engineering teacher and consultant. Dr Kaposi writes with compassion and optimism, without self-pity. The tone is light, and there is plenty of irony, even humour. The narrative is underscored by the historian László Császár and illustrated by several maps and more than a hundred archival images and family photographs.

The Culture of Yellow Sabine Doran 2013-09-26 This is the first book to explore the cultural significance of the color yellow, showing how its psychological and aesthetic value marked and shaped many of the intellectual, political, and artistic currents of late modernity. It contends that

yellow functions during this period primarily as a color of stigma and scandal. Yellow stigmatization has had a long history: it goes back to the Middle Ages when Jews and prostitutes were forced to wear yellow signs to emphasize their marginal status. Although scholars have commented on these associations in particular contexts, Sabine Doran offers the first overarching account of how yellow connects disparate cultural phenomena, such as turn-of-the-century decadence (the "yellow nineties"), the rise of mass media ("yellow journalism"), mass immigration from Asia ("the yellow peril"), and mass stigmatization (the yellow star that Jews were forced to wear in Nazi Germany). *The Culture of Yellow* combines cultural history with innovative readings of literary texts and visual artworks, providing a multilayered account of the unique role played by the color yellow in late nineteenth- and twentieth-century American and European culture.

The Yellow Star House: The Remarkable Story of One Boy's Survival in a Protected House in Hungary Paul V. Regelbrugge 2019-08-21 Between May 15 and July 9, 1944, over 440,000 Hungarian Jews were deported and, most were murdered at Auschwitz-Birkenau. The sole exception was the Jews in Budapest. In October 1944, Nazi Lieutenant Colonel Adolf Eichmann, with the eager assistance of the Hungarian fascist Arrow Cross party, initiated plans to finish off the Jews of Budapest even as the Soviet

Red Army was rapidly advancing, and ultimately laid siege on Budapest in December 1944. This is the story of how one Jewish boy and 400 others were protected in a "yellow star house." The house was converted into a hospital run by Jewish doctors designed to treat everyone -- even their wounded enemies, free of charge. The Jewish residents were ultimately saved in this way by a man who posed as an Arrow Cross officer and risked his own life countless times while over 70,000 Jews were being murdered at the Danube or dying in ghettos. *The Yellow Star House* is a story of courage, family, hope, rescue and luck. It is unforgettable.

The Young Survivors Debra Barnes 2020-07-23 What if everyone you loved was suddenly taken away? Five siblings struggle to stay together as the tides of war threaten to tear them apart. When Germany invades France in the Second World War, the five Laskowski children lose everything: their home, their Jewish community and most devastatingly their parents who are abducted in the night. There is no safe place left for them to evade the Nazis, but they cling together, never certain when the authorities will come for what is left of them. Inspired by the poignant, true story of the author's mother, this moving historical novel conveys the hardship, the uncertainty and the impossible choices the Laskowski children were forced to make to survive the horrors of the Holocaust. *****PRAISE FOR THE YOUNG SURVIVORS***** 'A haunting account... a devastating story of twins separated, of grandparents, parents and cousins, entire families, disappeared – a story that had to be told.' Elizabeth Fremantle 'A story that will make you weep, wonder and remember.' Tatiana de Rosnay, author of Sarah's Key 'A poignant and gripping debut. Set against the darkest days of WWII, the novel reminds us that the bonds of family and the power of love can never be extinguished.' Alyson Richman, bestselling author of The Lost Wife 'A heartbreaking yet uplifting story of loss and love told through the eyes of children... gripping and deeply moving.' James

MacManus 'A hugely impressive debut.' Michael Newman, CEO of The Association of Jewish Refugees 'A novel that is arrestingly sincere, full of touching moments and informed by careful research. The beating heart of The Young Survivors is the author's emotional connection to her characters, which is unmistakably based on longstanding and deep engagement with her own family's past.' Dr Toby Simpson, Director of The Wiener Holocaust Library

The Yellow Star Aaron Seth 2016-07-25 What is life worth, when nothing is left? Young Aharon, no more than twelve, tells us his struggles during the Holocaust. Despite the atmosphere and religious differences, he was able to relive the Passover Seder with a gentile friend. How can a young boy subsist when he lost almost everyone he loved? Did he find solace through his friend's words? Even though, the days were long and harsh Aharon gave strength when he had none left. Even though, the nights were dark and scary. Aharon gave hope when he had none left. Even though the days and nights turned into years of tears, Aharon gave courage when all else fails.

The Cat with the Yellow Star Susan Goldman Rubin 2008-01-02 Ela Stein was eleven years old in February of 1942 when she was sent to the Terezin concentration camp with other Czech Jews. By the time she was liberated in 1945, she was fifteen. Somehow during those horrendous three-and-a-half years of sickness, terror, separation from loved ones, and loss, Ela managed to grow up. Although conditions were wretched, Ela forged lifelong friendships with other girls from Room 28 of her barracks. Adults working with the children tried their best to keep up the youngest prisoners' spirits. A children's opera called Brundibar was even performed,

and Ela was chosen to play the pivotal role of the cat. Yet amidst all of this, the feared transports to death camps and death itself were a part of daily life. Full of sorrow, yet persistent in its belief that humans can triumph over evil; this unusual memoir tells the story of an unimaginable coming of age.

Yellow Star INC. SCHOLASTIC 2006 From 1939, when Sylvia is four years old, to 1945 when she has just turned ten, a Jewish girl and her family struggle to survive in Poland's Lodz ghetto during the Nazi occupation. Based on the true story of the author's aunt, who later used the name Sylvia.

Holocaust Icons in Art: The Warsaw Ghetto Boy and Anne Frank Batya Brutin 2020-04-06 The photographs of the unknown Warsaw Ghetto little boy and the well-known Anne Frank became famous documents worldwide, representing the Holocaust. Many artists adopted them as a source of inspiration to express their feelings and ideas about Holocaust events in general and to deal with the fate of these two victims in particular. Moreover, the artists emphasized the uniqueness of both children, but at the same time used their image to convey social and political messages. By using images of these children, the artists both evoke our attention and sympathy and our anger against the Nazis' crime of killing one and a half million Jewish children in the Holocaust. Because

they represent different sexes, and different aspects - Western and Eastern Jewry - of Holocaust experience, artists used them in many contexts. This book will complete the lack of comprehensive research referring to the visual representations of these children in artworks.

Traces of the Holocaust Tim Cole 2011-06-30 'The universe began shrinking,' wrote Elie Wiesel of his Holocaust experiences in Hungary, 'first we were supposed to leave our towns and concentrate in the larger cities. Then the towns shrank to the ghetto, and the ghetto to a house, the house to a room, the room to a cattle car...' Adopting an innovative multi-perspectival approach framed around a wide variety of material traces - from receipts to maps, name lists to photographs - Tim Cole tells stories of journeys into and out of Hungarian ghettos. These stories of the perpetrators who oversaw ghettoization and deportation, the bystanders who witnessed and aided these journeys, and the victims who undertook them reveal the spatio-temporal dimensions of the Holocaust. But they also point to the visibility of these events within the ordinary spaces of the

city, the importance of an economic assault on Jews and the marked gendering of the Holocaust in Hungary.

The Jews of Hungary Raphael Patai 1996 Study the fascinating story of the struggles, achievements, and setbacks that marked the flow of history for the Hungarian Jews. he traces their seminal role in Hungarian politics, finance, industry, science, medicine, arts, and literature, and their surprisingly rich contributions to Jewish scholarship and religious leadership both inside the Hungary and in the western world.

Horseman's Veterinary Encyclopedia, Revised and Updated Equine Research 2005-07-01 It takes more than horse sense to maintain a healthy horse. A knowledge of veterinary medicine is essential, not only for when emergencies occur but to provide the animal with a safe and nurturing environment that will prevent as many problems as possible. Acclaimed when first published in 1977 and now available for the first time in paperback, Horseman's Veterinary Encyclopedia offers a comprehensive approach to equine health, discussing diseases, unsoundnesses and other problems according to the parts of the horse's body: injuries and lameness; foot and hoof care; parasites; skin and coat care; colic and other sicknesses; dental care; and the respiratory, circulatory and reproductive systems. As a practical handbook for the owner and as a guide to working with the veterinarian and farrier, Horseman's Veterinary

Encyclopedia is an indispensable tool for every home, barn, and ranch. The highly acclaimed reference on equine medical treatment and preventive care. Yellow Star, Red Star Jelena Suboti¹ 2019-12-15 *Yellow Star, Red Star* asks why Holocaust memory continues to be so deeply troubled—ignored, appropriated, and obfuscated—throughout Eastern Europe, even though it was in those lands that most of the extermination campaign occurred. As

part of accession to the European Union, Jelena Suboti¹ shows, East European states were required to adopt, participate in, and contribute to the established Western narrative of the Holocaust. This requirement created anxiety and resentment in post-communist states: Holocaust memory replaced communist terror as the dominant narrative in Eastern Europe, focusing instead on predominantly Jewish suffering in World War II. Influencing the European Union's own memory politics and legislation in the process, post-communist states have attempted to reconcile these two memories by pursuing new strategies of Holocaust remembrance. The memory, symbols, and imagery of the Holocaust have been appropriated to represent crimes of communism. *Yellow Star, Red Star* presents in-depth accounts of Holocaust remembrance practices in Serbia, Croatia, and Lithuania, and extends the discussion to other East European states. The book demonstrates how countries of the region used Holocaust remembrance as a political strategy to resolve their contemporary "ontological insecurities"—insecurities about their identities, about their international status, and about their relationships with other international actors. As Suboti¹ concludes, Holocaust memory in Eastern Europe has never been about the Holocaust or about the desire to remember the past, whether during communism or in its aftermath. Rather, it has been about managing national identities in a precarious and uncertain world.

Yellow Star Judy A. King 2011-07 Behind her the towering rock Mateo Tepee, gigantic size, dwarfed the hilly countryside, making her feel insignificant in this vast land. Before her, like a gateway, a bright rainbow arched over the meandering Belle Fourche River, opening the Great Plains to view. Spouting with new green life, the plains rolled out before her as far as she could see until they blended with the blue sky. The beauty hastened her heartbeat; the hidden hazards weakened her knees. Did she have the ability to survive crossing the Great Plains? In 1864, fourteen-year-old Promise Amrose has already experienced more in her short lifetime than most other young people. Abandoned by her father at a young age, and after the loss of her mother, Promise sets out from Philadelphia, Pennsylvania, to Fort Laramie (Wyoming) in Indian Territory

with her aunt Hattie to find a father who never knew her. While on their way to Fort Laramie, Promise is kidnapped by stagecoach robbers but is later saved by Squirrel, daughter of Father Fox of the Lakota tribe, and her cousin, Brings Water. While living with and after being adopted by the Lakota tribe, she is given an Indian name: Yellow Star, Giver of Light. Because of tensions arising between the Indian tribes and the white man, Yellow Star is sent to live with Ben Reed, a friend of Father Fox. From there, she begins her long, arduous journey through the Black Hills—sacred land to the Indians—with Ben and her dog, Moon. Will Promise ever find her father? Will she survive through the rugged terrain and seemingly endless struggles in order to fulfill her mission? Delve into Yellow Star and follow Promise on her incredible journey through Indian Territory to find her father.
